

Ohio National Guard, Youngstown City Health District, and Valley Churches to host drive-thru and walk up COVID-19 testing and flu shots at various locations beginning on September 24th, 2020 through November 19th, 2020.

Anyone can get a COVID-19 test at NO COST.

You do NOT have to have symptoms to be tested.

There is NO pre-registration for the testing.

You must wear a mask. If you don't have a mask, one will be provided.

You can get a flu shot at the event for \$25.00 or FREE with your insurance card.

Attention Parents & Families of St. Christine's School*

I have some reminders for everyone to be aware of. We are entering into the cold/flu/ pneumonia/allergy/asthma/sore throat/strept throat/ear ache season here in northeast Ohio. Please take precautions with yourselves and your child/children.

1.WE ARE ONE MONTH INTO THE SCHOOL YEAR...IF YOU HAVEN'T ALREADY DONE SO : PLEASE TURN IN YOUR CHILD/CHILDREN'S EMERGENCY MEDICAL FORMS, ACTION PLANS, AND MEDICATIONS TO THE CLINIC.

- **Especially those students who were virtual the first 9 weeks of school and will be returning to school the second 9 weeks of school.**

**Thank you to everyone who has sent in this information!*

2.It is getting colder outside and hands will become dry and chapped with multiple uses of hand sanitizer. Using lotion and gloves helps.

3. Remember to cover your mouth/nose with any coughing or sneezing with your hands or down your shirt and wash your hands afterwards.

A. Make sure you have at least 2 masks with you at school as you get off the bus/drop off.

B.This is in case one breaks or gets lost or any other unforeseen situation that may occur.

C.If you have a runny nose, sneeze, or cough make sure you have disposable masks.

****If your child is out of school for any number of days (including one) please be specific as to why your child will not be in school when you call and**

Speak to the office. In addition to this we ask that you provide a written explanation (**not a note from a parent or guardian**) from your Doctor, NP, PA, dentist, etc. and bring it **on the next day that your child returns to school.**

4. For those parents and families that drop off students in the morning to school and have the heat on in the car prior to drop off, if your temperature reads over 100.0 degrees Fahrenheit **we will ask you...**

a.If you are feeling sick this morning and go through the Covid19 symptoms.

B. Ask you to pull around the parking lot and drive around with the heat off and window down

C. Have an additional temperature taken again.

* If your child (childrens) temperature remains over 100.0 degrees Fahrenheit they **will not get out of the car and have to be taken home.** Please know this is for the safety of not only your child/children but other students and staff members at school.

5. As we approach the month of October and Halloween please know that this year **we will not have a parade. There will be no candy from home, masks are still required at school.** *Students will be able to wear a costume.*

6. Your child/children **should have:**

a.lunch (packed or a hot lunch-provided at school).

b.Multiple water bottles (the drinking fountains are not in use at this time).

c.Gym clothes for their physical education class

d.Masks before they come to school.

e.Coat, hat, gloves as the weather is changing.

I hope that all of you stay healthy!

Nurse Melina
